Scarcity of Business Houses.

Gus W. Lovell, of Big Stone Gap, was in Bristol yesterday looking for a suitable room in which to open a stock of dry goods. He was unable to find one, and it does seem that our business men who own vacant lots on Main street would make preparations at once to erect suitable business blocks. —Bristol Times.

### Church Dedicated at Coeburn.

#### Good Crops.

Mr. H. L. Slem, of Chandler, Lee county, was in the Gap last Saturday and gave the Post a short, but pleasant, call. Mr. Slem is one of Lee county's most prosperous farmers and stock raisers. He only recently returned from Cincinnati where he took a car load of cattle, which he sold for a good price, and will, in a few days, go to that city again with another carload. Mr. Slem said the crops in Lee county this year were excellent and that the farmers were all highly pleased with the excellency of their crops.

#### Gladeville College.

The school at Gladeville College, located at Wise, Va., opened Monday, August 22nd, with enlarged facilities for effective and thorough work. The music, art and commercial departments will all have commodious and pleasant rooms in the new college building; and the entire work of the school will now be carried on without waste of time and exposure to the weather, such as was necessary when these various departments were scattered over town. The faculty is composed of thoroughly competent and experienced teachers, and they are prepared to give the best instruction in every division of the work. Special attention is called to the art and business departments. In both of these they give as good instruction as any school in Southwest Virginia, and at a comparatively small cost. Gladeville college is in every respect a first class college, and the people of Wise ought to be, and we believe are, truly proud of it.

#### Remarkable Rescue.

Mrs. Michael Curtin, Plainfield, Ill., makes the statement, that she caught cold, which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for Consumption; she bought a bottle and to her delight found herself benefited from first dose. She continued its use and after taking six bottles, found herself sound and well; now does her own house work, and is as well as she ever was. Free trial bottles of this Great Discovery at J. W. Kelly's drug store. Large bottles 50 cents and \$1.00.

### Big Stone Gap vs. East Stone Gap.

The Big Stone Gap and East Stone Gap boys played another match game at this place last Saturday afternoon and this time the Big Stone Gap boys were the victors. JOHN FOY, JR.,

### Will Probably Go To Hawaii For Harper's Weekly.

John Fox, Jr., the gifted author and correspondent of Harper's Weekly, who has been at his home in Big Stone, Va., for a few weeks recovering from a spell of typhoid fever, was in Bristol yesterday afternoon and departed on No. 6 for New York City.

Our brief conversation with Mr. Fox was interesting to us. He was in Cuba in the interest of Harper's Weekly, during the war hostilities, and witnessed the charge on San Juan hill, near Santiago de Cuba, and also the capture of Coamo. He spoke in glowing terms of the bravery and patriotism of American soldiers, and his description of Cuba, her fertile soil, the palms, and the rich woodland, would cause a person to think Cuba to be the land of promise—and perhaps it is. He said that there was not much danger in the "wet season" having any effect on Americans, and he thought it a delightful place in which to live—that is after the devastating effects of the war are cleared away.

Mr. Fox goes to New York to consult with the managers of the paper on which he is employed in regard to his going to Hawaii to make a study of that land. He is preparing a book and thinks that he will not go to Hawaii, but stay at home and superintend its publication. —Bristol Times.

#### Robbed The Grave.

A startling incident, of which Mr. John Oliver, of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately a friend advised trying 'Electric Bitters,' and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50 cents per bottle at J. W. Kelly's drug store.

#### SOUTHERN IRON.

### Advance of 25 Cents a Ton in Birmingham District.

A dispatch from Birmingham, Ala., says:

The price of pig iron has advanced 25 cents a ton in the Birmingham district.

The prices that will now be demanded by all of the big manufacturing companies are as follows:

No. 1 foundry, per ton, \$7.75  
No. 2 foundry, per ton, 7.50  
No. 3 foundry, per ton, 7.00  
No. 4 foundry, per ton, 6.75  
Gray forge and mottled, 6.50  
No. 1 soft, 7.75  
No. 2 soft, 7.50

The price has been \$7.50 for No. 1 foundry and No. 1 soft, and the other grades in proportion.

It has been only a week or so since the price was raised from \$7.25 per ton to \$7.50, and this means a rise of 50 cents in pig iron since Aug. 1.

Nearly all of the companies in this district have already booked orders for a good deal more iron than they will be able to turn out in the next month, and more orders are coming in every day.

#### One Little Cent.

Imagine the surprise of ex-postmaster A. C. Harkleroad, when yesterday he received a voucher from the postmaster general for 1 cent, on amount due on postal orders finally audited. This shows that Mr. Harkleroad's accounts for four years tallied with the government's and that he had over paid his account 1 cent, hence the remittance. The same had to be received for and to go through the red tape attached to government affairs, the receipt will pass through the hands of several clerk's before it is finally recorded as returned. —Bristol Times.

Meeting of the School Board.

At a meeting of the School Board, held Saturday evening, several resolutions of interest were adopted; among others were the following:

—Whereas, Prof. W. H. Jones has tendered his resignation as principal of the school; and whereas the reasons assigned by him for so doing are: 1st. Because of a petition which certain patrons of the school have signed requesting that the trustees ask for his resignation, and 2nd. Because he desires to leave the trustees free to act in the premises, unhampered by any contracted obligations; and whereas he has indicated his willingness to accept the position of principal if the trustees see fit to again tender it to him; and whereas the trustees, after a most careful investigation, and after personally interviewing most of the signers of said petition, are entirely satisfied that there was and is no good reason for signing the same, and that many of the signers thereof signed the same under a misunderstanding of the facts; and whereas it would be a gross injustice to Professor Jones to refuse to re-elect him, and especially in view of the fact that it is now so near the beginning of the school year, that he would probably find great difficulty in getting another appointment; and
